Summary

Aspiring Computer Science Engineer and passionate Flutter Developer with a strong foundation in programming and software development. Eager to contribute to impactful mobile and web applications while improving problem-solving and teamwork skills. Looking for a challenging environment that fosters growth, innovation, and technical excellence.

Skills

Programming & Querying: C++, C, Dart, SQL

Frontend: React, Flutter, HTML, CSS

Databases: MySQL, Firebase

Developer Tools: Visual Studio Code, Git, GitHub, Postman

Proficiencies: Competitive Coding, Data Structures and Algorithms

Non-Technical: Problem Solving, Teamwork, Public Speaking

Experience

Summer Intern – Flutter [View](#)

May 2026 – June 2026

Technical Hub Pvt Ltd

- Completed a summer internship at **Technical Hub Pvt Ltd**.
- Worked with **Flutter** and gained hands-on experience in **Dart Programming, Widget Fundamentals, Navigation and Routing**, and **Material Design**.

Projects

MedEase  [Code](#)  [Live](#)

Flutter, Dart, Firebase, APIs

- Developed a cross-platform mobile application using Flutter and Dart for medical store management and doctor appointment booking.
- Integrated Firebase and REST APIs to enable secure data management and seamless communication between users and healthcare services.

HomeUs  [Code](#)  [Live](#)

Flutter, Dart, Firebase, APIs

- Developed a rental house listing application that allows users to browse available houses, view property details, and contact owners easily.
- Implemented Firebase integration and API-based data handling to provide dynamic property listings and efficient user interactions.

Midnight-Wish  [Code](#)  [Live](#)

React, Firebase

- Developed a personalized greeting web application that allows users to create countdown-based wishes for birthdays and special occasions.
- Implemented Firebase integration for storing and managing personalized wishes, with a responsive React-based interface for a smooth user experience.

Certifications

- MongoDB Associate Developer** [View](#)
- GitHub Foundations** [View](#)
- Certiport IT Specialist – HTML & CSS** [View](#)

Programming Achievements

- Solved **250+** problems on **LeetCode**. [Profile](#)
- Solved **100+** problems on **GeeksForGeeks**. [Profile](#)
- 1-Star coder on **CodeChef** (Max Rating: 1200). [Profile](#)

Education

Bachelor of Technology in Computer Science and Engineering

2023 – 2027

Aditya College of Engineering and Technology, Surampalem

Senior Secondary (Class XII) – MPC

2021 – 2023

Sri Chaitanya Junior College, Visakhapatnam
